Spooky Rookies – Haunted Playhouses for Toddlers

Spooky Rookies promote physical development. During climbing, sliding and romping in the many different playhouses, toddlers are able to test their skills.

It is possible to combine the playhouses' shape, size and colours. A stepladder, ramp or slide offer further constructive options. The diversity of Spooky Rookies are also enjoyed by four ghosts. They represent a colour concept in each case and live in the playhouses. Do not be afraid, the ghosts are pleased about every guest.
