Side-by-Side Swing Product Specification

HodgePodge Playpoints are climbers or rockers or twisters. They are Playpoints first and foremost, but they are also very nice pieces of public design, and they are sculptural. All HodgePodge Playpoints are high-end engineered units made from high-quality materials like stainless steel with a brushed finish, powder coated recycled aluminum connectors, high density polyethylene (HDPE) panels and ITR-bearings for maximum safety and durability.

Swinging together is still the most fun, whether on classic seats or in the cool nest swing. And due to the low entry height of the nest swing, even the little ones will get the most fun out of swinging.
