

Spooky Rookies

Wonderwalls.01 Product Specification

Published: August 2021

Wonderwalls.01

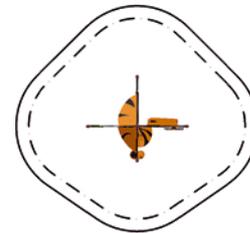

Fitted with a wealth of play functions in a reduced space Wonderwalls are specifically aimed at the needs of toddlers and pre-school children. Each equipment design offers a number of play worlds that are interconnected by windows and passages between the three or respectively four walls, which are fanned out around a central post.

As well as space for retreat, children are encouraged to engage in role-playing games using elements such as mud tables, benches, sand workshops or openings in the walls. Language and social skills are fostered and trained in a playful way.

The highlight of Wonderwalls.01 in the design of a tree stump is a passage with rubber membranes connecting two play areas. And anyone looking closely will find a secret opening under the bench.

 Product Family	Spooky Rookies
 Length x Width x Height (m) Length x Width x Height ("'-")	2,3 x 2,7 x 1,7 7-7 x 8-11 x 5-4
 Protective Surfacing Area acc. to DIN EN 1176 (m) Protective Surfacing Area acc. to ASTM/CSA (m) Protective Surfacing Area acc. to ASTM/CSA ("'-")	5,3 x 5,7 6,0 x 6,4 19-7 x 20-11
 Fall Height acc. to EN 1176 (m) Fall Height acc. to ASTM/CSA ("'-")	1,21 4-0
 Age	3
 Minimum Space required acc. to DIN EN 1176 (m²) Minimum Space required acc. to ASTM 1487 (ft²)	20,95 287,8
 Number of Foundations	5
 Concrete Volume C20/C25 (m³)	0,63
 Number of skilled Installers required	2
 Installation Time without Foundation	8 hours
 Dimensions of largest Part (m)	1,5 x 1,2
 Weight of heaviest Part (kg)	40
 Shipping Volume (m³)	On request
 Total Weight (kg)	On request
 Spare Part Guarantee	Lifelong

Technical Data

Technical changes are reserved. The following text can also be used for tenders.

Included Products:

- Rubber Membrane Curtain
- Puzzle Elements
- Mud Tables
- Rotating Disc

Tubes:

The Steel tubes with a diameter of Ø 60,3 mm (2 3/8") and a wall thickness of 2,9 mm (1/8") are thermally galvanised to protect against corrosion and powder-coated in colour using a solvent-free epoxy/polyester/process. They are also watertight closed with rounded aluminium caps.

HDPE-Panels:

Wall, play and design elements are made of solid-coloured and grained HDPE panels with a thickness of 19 mm (3/4") and form milled. All edges are rounded off and the walls are connected to the pipes with cast aluminium panel clamps.

Rubber Membrane:

The rubber mat strips are made of durable and vandal-proof conveyor belt.
