Berliner
Play equipment for life

Expandable Play Value, that simple: Vario

Let Vario be the highlight of your playground. This investment involves no major planning, delivery is fast and installation straightforward. All tensioning points are based on the AstemTT® system to ensure that no technical connecting elements or thimbles are located in the play space.

The framework of the Vario makes this three-dimensional rope play structure expandable! Depending on your needs and budget, a Slide, an Access Net, and Banister can be connected. Vario is fully ASTM F1487 compliant and is listed on the IPEMA Webpage.

Add-on Components for Vario:

Access Net

Banister

Fast Lane Slide
"blue"

Fast Lane Slide
"green"
